HOC SIGNO FORTUNA.

BALTIMORE, FRIDAY, June 15, 1821.

Forty Thousand Dols. for Ten!

Agreeably to the notice heretofore published, Tickets and Shares in the Grand STATE LOTTERY of Maryland are this day advanced to the rate of *Ten Dollars*. The Managers calculate on announcing the drawing for an early day; in the meantime adventurers should complete their investments, particularly as the advantages are great to those who purchase before the drawing begins, as they will have the chance of obtaining the floating capital prizes that may come out during the first part of the drawing *without any possibility of risk*, as by the arrangement of the Scheme, a premium of Ten Dollars is to be paid to each of the first drawn three thousand Blanks!

The First drawn Number

In the GRAND STATE LOTTERY of Maryland, will be entitled to the handsome premium of **ONE THOUSAND DOLLARS**, and which will be paid to the fortunate holder the moment the ticket is presented at COHEN'S OFFICE, in Gold or Silver, or in bills on the Bank of the United States.

To Distant Adventurers.

For the satisfaction of adventurers in every part of the Union, the Managers have determined to publish in this paper, the official lists of each drawing of the Grand State Lottery, and which will include the numbers both of the Blanks and the Prizes. This will be a two-fold advantage to the distant adventurer, because the holder of a small prize will be thereby informed of it, and will enable him to send it on immediately for renewal; while on the other hand, the adventurer whose number may draw a blank will also be notified of it, and can if he thinks proper make a new investment, should the state of the wheel at that time justify it.

State of the Wheels.

During the drawing of the Grand State Lottery of Maryland, (which will soon take place) a regular account of the state of the wheel will be published in the "Register" so that previous to renewing small prizes, or making new investments, persons residing at a distance may have the same advantages of knowing the exact state of the Lottery from time to time, as those who reside in the City of Baltimore, where the drawing will be conducted.

Foreign Intelligence.

By the packet ship Albion arrived at New-York from Liverpool, English dates to the 1st of May are received, from which the following items are selected.

Since the termination of the Austrian campaign in Naples, the affairs of Italy have become a lively subject of discussion among the allied powers. Russia and France wish to diminish the influence of Austria.—Austria in the meantime is increasing her military establishment—fourteen additional regiments were to have been put into active service on the war footing. This will make a new military force of 50,000 men. In

England during the latter end of April, there had been a succession of hail and thunder storms, doing a great deal of damage.—The King of England's intended visit to Ireland had been a subject of discussion amongst the ministers, and was objected to on account of the expense, which was estimated at £250,000, and also the increased labour it would impose on themselves, in answering the numerous addresses which would be presented to the King during his visit.—The day of the coronation is not yet fixed.—American Stocks on the 25th of April were,—New six per cts. 102 a 105—seven's 105—fives, 100 a 101—U. S. Bank shares, £23 10.

AMERICAN MANUFACTURES.

A bonnet made by a young lady of Petersham, Mass. from the upper joints of rye straw, culled with great care, and manufactured in the neatest fashion, having thirteen straws almost as fine as silk in every braid, was sold at auction in New-York last week for thirty-two dollars.—The purchaser was Mr. Cambreling, Member of Congress.

EXECUTION OF CASTILANO AND GARCIA.

NORFOLK, June 2.

Yesterday at 25 minutes before 1 o'clock, *Jose Demas Castilano*, and *Manuel Felipe Garcia*, under sentence of death, for the murder of *PETER LAGAUEYRE*, in this Borough on the 20th of March last, were, pursuant to their sentence, executed in the old field in the rear of the town of Portsmouth. The circumstances of the butchery and their subsequent trial and condemnation, are too fresh in the memory of this community, to render any recapitulation of them necessary or acceptable. The prisoners having mounted the scaffold, J. D. Castilano addressed the spectators, who now amounted to between two and three thousand, in a short speech, of which we heard but little, and concluded with a declaration that he died innocent. Garcia was silent, but apparently thoughtful and dejected. He expired immediately, but Castilano struggled several minutes. Both met their fate with great firmness. They were taken down about half past 2 o'clock, and interred under the gallows.

June 4.

From Sierre Leone.—The Brig Nautilus, Capt. Blair, which sailed from this port 21st Jan. last, and from Hampton Roads on the 24th, with colonists and government and society agents, for the American settlement on the coast of Africa, arrived here on Saturday morning, in 40 days from Sierre Leone.

Letters have been received by the Nautilus, from the agents to their friends in this place, and despatches for the Government. They arrived safely at their destination, and were kindly received by the government of Sierre Leone, and hospitably entertained by the people of the settlement, who are generally well disposed to favour the enterprise. Mr. Winn, the agent of the United States, with the colonists were by permission of the Governor, accommodated on a fine healthy place, on Four Bay, near Free-town, till they could procure a permanent settlement. Messrs. Bacon and Andrews had gone down the coast in search of one. The survivors of the colony still at Sherbro' would then be incorporated with the new emigrants at their seat. In the meantime all were in good health and spirits, pleased with the country and satisfied with the prospect before them—"Africa," says Mr. W. "is not such frightful place as it has been represented to be.—

The nights are pleasant. the atmosphere soft and dry—at least in comparison with what I expected." The letters from the people of colour also speak very favourably of the soil, climate and productions of their new country.

Suffolk Bank, vs. Lincoln Bank.—At a late session of the Circuit Court of the United States, at Portland, present Judge Story, and Judge Paris, of the District Court, an action between the Suffolk Bank, Boston, and the Lincoln Bank, Wiscasset, came on for trial. The action was brought for the recovery of \$3000, with damages of two per cent. a month, imposed by a law of Massachusetts on banks refusing or neglecting to pay their notes on demand. The facts were as follows: A runner of the Suffolk Bank presented the bills at the Lincoln Bank for payment; the Cashier offered to pay in Boston bills, or in a draft on a Boston bank, both of which were declined, and specie demanded; the Cashier then began counting change, and near the hour of closing the Bank, had counted about \$500; he tendered no gold, nor any specie larger than quarter dollars, and no more than, at most, would have amounted to \$1000, which could not have been counted within the bank hours of that day; the agent offered to take it at the Bank count, but the Cashier declined; the agent then left the Bank and the action was commenced. Judge Story laid it down as law, that a demand of ordinary magnitude ought to be paid within the banking hours of the day on which the demand was made; the plaintiffs were not obliged to take Boston bills, even of their own Bank, nor a draft, but might demand specie; no man who presented bills at a Bank should be delayed on any pretext whatever—it is the duty of those institutions to have sums counted, or servants sufficient to count them in a reasonable time; it is unnecessary when bills are presented at banks, that they should be severally protested. The jury returned a verdict for the plaintiff.

The U. S. Sloop of war Hornet, sailed from New-York about the 1st of April for Havana, with advices, it is said, from the Spanish Minister, Vives, to the Captain General of Cuba, to order the province of Florida to be surrendered immediately to the Government of the United States. Gen. Jackson is now at Blakely, waiting the return of Dr. Bronaugh, who was despatched to Pensacola, to ascertain whether the Hornet had arrived, to inform the governor of the arrangements Gen. J. had made for the removal of the Spanish effects: and to know in fact, whether the territory would be surrendered immediately.—Rumor says that it will not be surrendered before the expiration of the time limited in the treaty, and that the motive is to benefit a combination of merchants, who intend introducing goods to a large amount under the Spanish authorities and thereby save the American duties.

MR. KEAN,

The British tragedian, has sailed from New-York for Liverpool, in the Ship Martha. Capt. Sketchley.—While in New-York he had the remains of the late *George Frederick Augustus Cooke*, the celebrated actor, removed from the vault in which they were deposited, to a new grave in the same yard (St. Paul's) and has given orders for the erection of a handsome marble monument, in commemoration of his histrionic fame. The monument is already begun.

These proposals will all be closed to distant adventurers on the 20th of June, on which day, if any shares remain un-subscribed, we shall then give the privilege of subscribing the remainder to our customers in Baltimore. Distant adventurers therefore should not delay in forwarding their orders.
